Handi-Klasp Style Portable Wash Rack

The portable solution for your hogs

Hog Carriers

Weldy's makes a universal carrier for hogs. The Universal Carrier is designed to carry hogs and other livestock. Also transports many farm or industrial items. A 3-point hitch is built into the frame enabling you to carry 5000 lbs. 3" square steel tube hitch frame. 1 1/2" square steel tube basket panels. Floors are 2" center matched Treated lumber. The back panel swings either way to provide a full opening as a panel gate, or can be removed completely. The other 3 sides are permanent.

Custom sizes & Designs available.

Specifications

Model	Width	Length	Weight	Capacity
UC56	5'	6'	580 lbs.	5000 lbs

Confinement Fencing

Weldy's confinement fencing answers the need for the farmer in confining his hogs. Weldy Confinement Fencing offers great versatility through a choice in height, length, and vertical spacing. This choice allows for virtually any size and shape pens to fit your facilities. Weldy Confinement Fencing is normally painted with two coats of high quality paint adding years to its useful life. Galvanizing is available at your request.
