

WELDY TIMES NEWSLETTER

IT'S FALL (OR SO THE WEATHER SAYS)

As we enjoy (depending on where we are) the fall weather it's time to think about fall and winter needs. From feeding to providing water to your animals we have you covered from our best selling R7C, the newer 5x12 HSSQ, to waterers for every application.

VOLUME 2, ISSUE 10

Fall 2011

WINTER FEEDING

The 5x12HSSQ was built on the same principle of the R7C and designed for feeding large square bales for those who have converted to using them.

GET WATERERS INSTALLED BEFORE WINTER TO CUT WINTER WORK

We feel that Miraco waterers are the best on the market for ease of use and insulation. We try to keep a good assortment in stock and have another load on order to fill your needs before winter.
